### **Minutes**

#### **3. Business arising out of minutes of previous meeting**

- Introduction to Lance Williamson. Computer presentation from Gaffer Designs on possible reconfiguration of the NCCC website. Lance provided examples from the Woden Valley CC and Weston Creek CC websites which are managed by Gaffer Designs. NCCC requested a document and quote from Gaffer Designs to assist in making a decision to proceed.

#### **4. Other Business**

- The Dickson Residents Groups addressed the general topic of consultation with communities.
- Caroline Le Couteur spoke on the Northbourne Avenue Traffic Study. Apparently infrastructure down the median strip won't allow any more than above-surface development. The bus system would seem to be the preferred option. James Walker was co-opted to attend the one-day community consultation for the study scheduled for March 22.
- Richard Larson spoke on two DA's in the pipeline for Dickson: The Cape Street 4-storey multi-use building; and a lease variation on the corner of Antill Street and Northbourne Avenue for a multi-use 10 storey building. He suggested that the

Dickson Residents Group look at these DA's prior to the public meeting with the Chief Minister on March 22.
